

GLOBAL PATHOLOGY SUPPORT

Role Global Pathology Support within the Life Science and Chemical Industry

Global Pathology Support (The Hague, The Netherlands) is a company with a unique expertise in the EU, approved by the Dutch Food and Consumer Product Safety Authority (VWA) and received their Endorsement of Compliance with the OECD principles of Good Laboratory Practice in 2005.

Our company supports preclinical contract research laboratories and pharmaceutical and chemical industry in R & D on a global scale to evaluate product safety in accordance with OECD guidelines.

Core Business:

- Histopathology assessment of preclinical, (sub-) acute/ chronic toxicity and carcinogenicity studies ("Reading pathology of toxicity studies")
- The identification and interpretation of pathological changes
- Produce consistent and professional pathology reports (Provantis Pathology 8.2.0.7 also used by companies like: e.g. AstraZeneca, Sanofi-Aventis, Merck GE and GlaxoSmithKline)
- Peer Review of pathology of preclinical toxicity studies

References:

"Me and my colleagues always appreciated the collaboration with Bob as one of our consulting external pathologists and his reliable, fully GLP-compliant histopathology support by keeping thoroughly deadlines in a timely flexible manner." (04.27.2012)

Dr. Wolfgang Kaufmann
Head of Global Pathology & Reproduction Toxicology
Merck KGaA, Germany

"This is to state that I know Dr Thoolen for last several years as a colleague and friend. I have worked with him during his days as a principal pathologist at Solvay Pharmaceutical, BV, The Netherlands and later working at Global Pathology Support in The Netherlands. Robert is a well known toxicological pathologist with considerable experience in routine pathology work and peer review of reports. His dedication and quality of work is of high standards. Robert's friendly approachable manners make him an easy person to work with. He has worked well within the profession and his contributions to STP' nomenclature group on the important topic of liver is well appreciated. I wish him success in his continued ventures in toxicological pathology." (04.30.2012)

Dr. C Gopinath, BVSc; PhD; FRC Path; FIATP
Former Director of Pathology Huntingdon Life Sciences Ltd.

我和我的同事非常幸运的找到了提升病理诊断能力和相关GLP咨询的合作伙伴。Robert是在病理GLP和Peer Review领域中经验丰富的知名病理学家。他帮助完善我们病理相关GLP和实验室管理，使我们能够符合OECD GLP的要求。此外他是一个容易接触和交流的人。请不要错过让他成为您的合作伙伴。

Me and my colleagues feel very lucky to find a appropriate partner for improving our pathologic diagnosis capability and relative GLP issues. Robert is a well known toxicological pathologist with considerable experience in pathology, GLP and peer review. He helped us to improve our relative GLP and relative lab management, make our toxicological pathology department meet OECD GLP principle. Specially he is so kind and easy to communicate man. (05.04.2012)

Mr. Baoyu Yao
Head of toxicological pathology department
Safety Evaluation Center, Shenyang Research Institute of Chemical Industry, China

"We have repeatedly worked with Dr. Thoolen. He has always delivered accurate slide evaluations within a very compatible time frame. His polite and knowledgeable character made it easy for us to work with him, even in challenging projects." (04.18.2012)
